

A. Spike peptide stimulated splenocytes

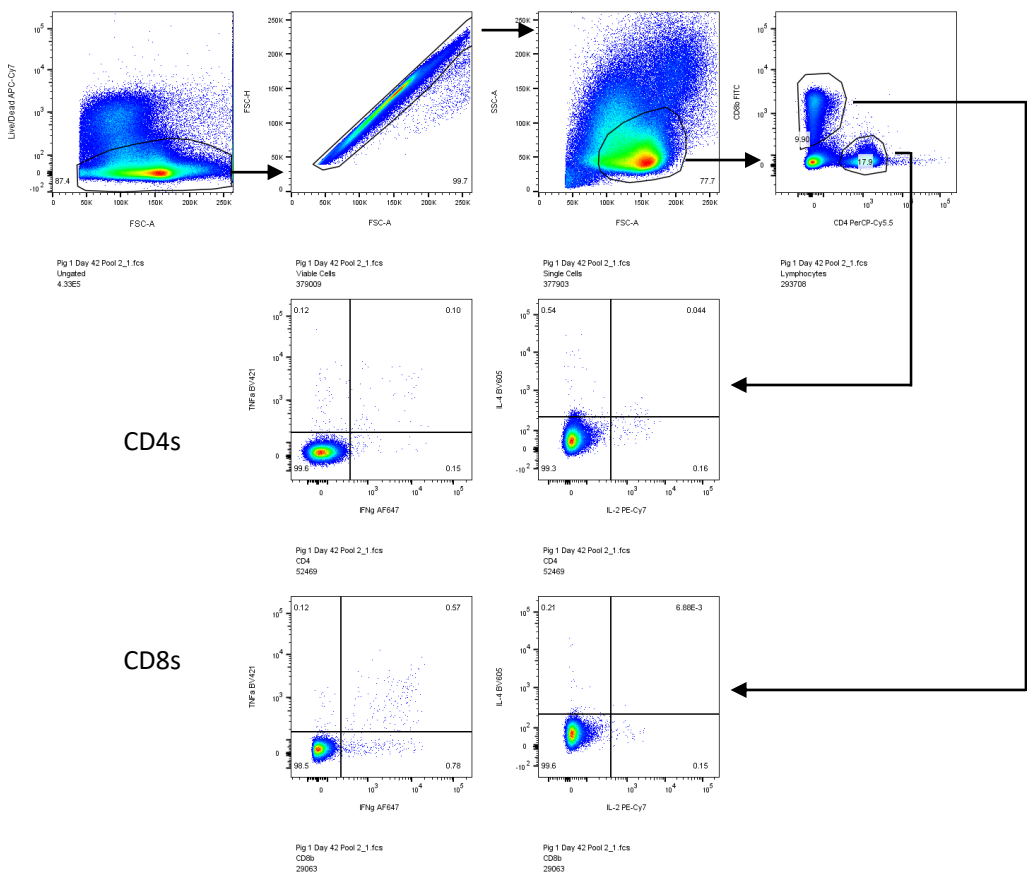

B. Media stimulated splenocytes

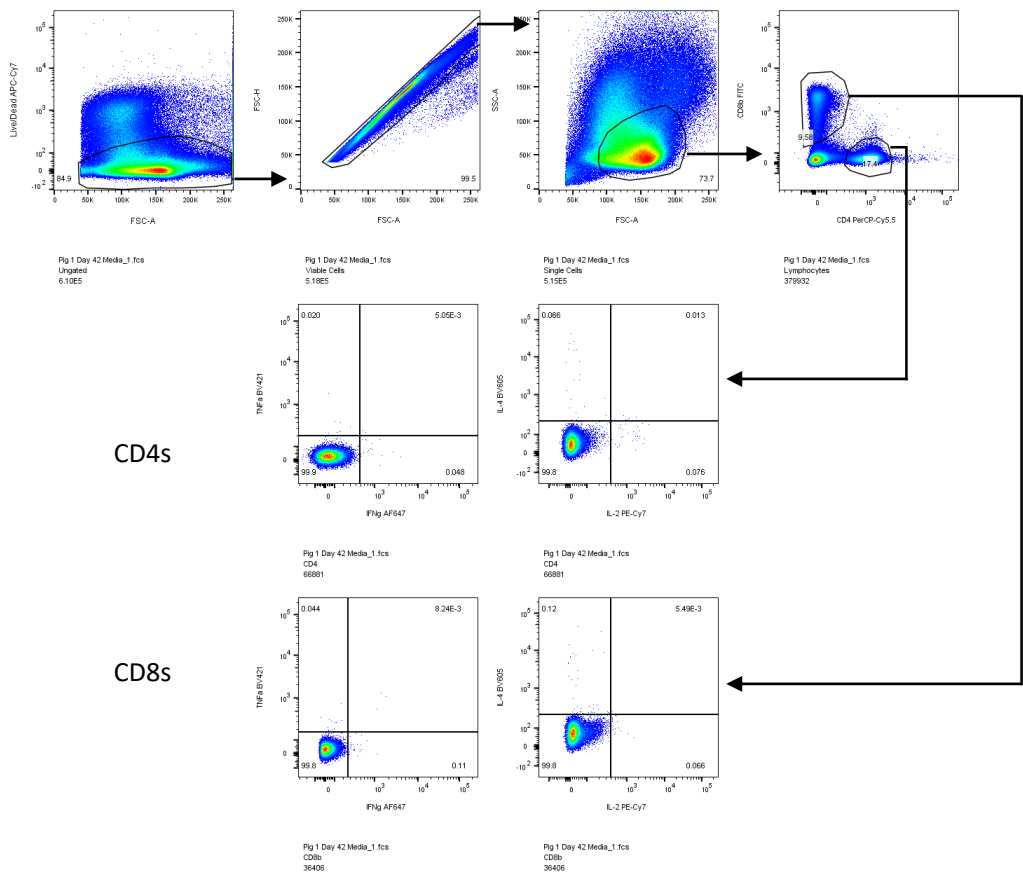

Supplementary Figure 1. Illustration of gating strategy to assess cytokine responses of SARS-CoV-2 S peptide (A) and media (B) stimulated murine splenocytes.

A. Spike peptide stimulated PBMC

B. Media stimulated PBMC

Supplementary Figure 2. Illustration of gating strategy to assess cytokine responses of SARS-CoV-2 S peptide (A) and media (B) stimulated porcine PBMC.
